join us

We are always welcoming new board members.

Contact any of the board members to join the board.

DON'T FORGET

Pearl Lake Information and fishing guidelines resource

<https://www.dnr.state.mn.us/fisheries/slice/pearl-lake.html>

STOP AQUATIC HITCHHIKERS!
Prevent the spread of invasive species.

Aquatic invasive species are non-native plants and animals that threaten native plants, wildlife and their habitats. They also affect humans by degrading boating and fishing areas and reducing lakeshore property values and tourism. Once they are established eradication is almost impossible.

BEFORE AND AFTER BOATING...

- CLEAN**
Clean and remove all visible plants, animals, fish and mud from your boat, trailer and other equipment and dispose of it in a suitable trash container or on dry land.
- DRAIN**
Drain water from bilge, live wells, ballast tanks and any other locations with water before leaving the launch. Disinfect when possible.
- DRY**
Dry your boat, trailer and all equipment completely. At least 5 days of drying time is recommended. Drying times vary depending on weather & material.

Watercraft Check Points

Hitch, Live Well, Transom Well, Rollers, Axle, Lower Unit/Propeller

PLEASE DO NOT DUMP BAIT, FISH, OTHER ANIMALS OR PLANTS INTO THE WATER!

New York State Office of Parks, Recreation and Historic Preservation

or contact us at [5184853800](tel:5184853800)

Earth day clean up is on April 22, 2024.

The Lake Association encourages everyone to do their part and clean up what you are able. The stretch in yellow is the designated Adopt a Highway area. They encourage clean up twice a year.

Board member Deb Allar has vests, bags available.
